QUALITY AND WORKMANSHIP

Don't take our word for it, our cabins are in many private as well as KOA campgrounds throughout Canada. Go ahead and ask one of the many participating campgrounds what they think. They've been using our cabins for years now, from what they've told us, they love'em.

Our customers loved the quality of the Cabins. Several extended their stay and most have already booked for next year.

Rick McArthur
Fisherman's Cove

Our rental cabins were such a success this year, we have tripled our order with General Coach for next season and expect the growth to continue.

John O'Brien
Sherkston Shores

The quality of these units can't be beat, we have been renting Cabins for four years now and they look as good as the day we bought them.

Ed Miklavic
Bissell's Hideaway

The lodges that we received exceeded my expectations by far in product quality and workmanship. Value received for money is excellent and the return on investment surpassed my projection.

Hans Wagner, KOA owner

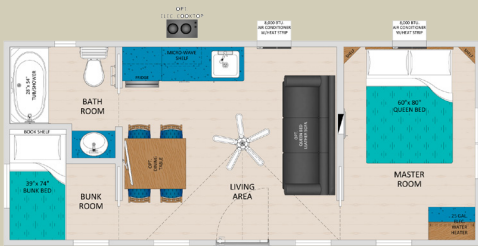

LODGING CABINS

Campground occupancy is on the rise. Many have reported up to a 73% increase in cabin rentals. Make a smart investment and add cabins to your campground today.
